

# FIRE DESTROYS TWO BUSINESS BLOCKS

## NEED TO PREACH MORE REPENTANCE SAYS REV. HAUGER

Tongue Of Gossiper Would Quit Its Hellish Business, He Declares.

OPENS REVIVE-ALL SERIES AT CHURCH

Methodist Church Pastor Gives His Idea Of a True Repentance.

A large number of people attended the revive-all service at the M. E. church Sunday evening, at which time the pastor, Rev. C. H. Hauger, spoke on the topic, "Is Repentance Necessary?"

Assisting the pastor is Ray F. Miller of Columbiana, evangelistic singer. The special music at this service consisted of a solo by Mr. Miller and a vocal duet by Mr. and Mrs. L. P. Drennon.

Rev. Hauger Sunday night said in part: "The Bible, especially the New Testament, is the Hand Book of Repentance. Jesus came into Galilee preaching repentance. It takes courage now as it did then to tell people they are on the road to hell if they do not repent of their sins. John, the Baptist, lost his head, and many since have suffered like fate for preaching repentance."

"Some preachers today hesitate to preach it for fear not of losing their head but their job. If we are good ministers of Jesus Christ we will not hesitate as He did not to say 'Except ye repent ye shall all likewise perish.'"

What Would Happen  
"If repentance were preached more several things would happen. Old debts would be paid; moral lepers would change their life; old grudges would be settled and forgotten; stolen goods would find its way home again."

"Some men would change their business. The tongue of the gossiper would quit its hellish business and speak wisdom and kindness. Some of the snobs of so-called society would come down to the earth again from the clouds of self-conceit and repent in sackcloth and ashes for their selfishness and meanness."

"Jesus will not be to blame if men do not repent of their sins. He is the lifesaver on the shore of time shouting orders in trumpet tones to those perishing in sin. He is the physician to the locomotive bearing the human (Continued on fourth page.)"

## 5 ESCAPE INJURY IN AUTO'S PLUNGE

### Machine Slides Down Steep Embankment But Pole Holds It Upright.

Five persons were saved from injuries when their touring car plunged from the road at the iron culvert west of the city on the Damascus rd. Sunday night, slid down the long embankment and struck a telephone pole, which held the machine and kept it from turning over.

The family's name was Snyder and they were returning from a visit in Alliance. Two men, two women and a baby were in the machine when it left the road.

A wrecking crew hoisted the car from the bank. The crew said that had the car missed the pole the occupants would have been seriously injured as the fall is very steep.

A small sedan was wrecked on the Albany rd. Sunday. It was owned by a Canton man who jumped as the car skidded.

Three other traffic mishaps were reported over the week-end.

While Mr. and Mrs. Damm of Alliance were on their way to Salem Sunday to visit at the home of J. H. Damm, Jennings ave., the machine in which they were riding slipped on the icy road near the Country club, and went over an embankment. When about half way down the embankment their car hit a telephone pole, which turned it completely around going down backwards the rest of the way.

The occupants were not injured and only slight damage was done to the car.

## Klan Women's Social Interrupted By Fire

Orchestra music, solos and speaking composed a splendid program presented at a public social held Saturday evening by the Klan women at the hall, Main st., which was crowded with people interested in the event.

The program was interrupted by the fire in the business section, volunteers to help fight the fire being called for from this company. The women then devoted some time to making coffee and sandwiches which were sent to those fighting the fire.

A regular meeting of the organization will be held Monday evening.

## GUNBOAT TAKES REFUGEES FROM TUXPAM, MEXICO

Washington, Feb. 25.—The United States gunboat Tulsa, has been ordered to Vera Cruz from Tuxpam, Mexico, it was announced today at the state department. It is understood that American refugees from Tuxpam are on board.

The Tulsa was ordered to Tuxpam Saturday "To protect the lives and property of American citizens," when it was learned that a conflict between the Mexican federal troops and the rebels was impending.

## WILSON'S WIDOW IS GIVEN ESTATE

### Annuity Of \$2,500 Is Left Daughter While She Is Unmarried.

Washington, Feb. 25.—The estate of Woodrow Wilson goes to his widow, Mrs. Edith Bolling Wilson, under the terms of the late president's will filed for probate here today.

An annuity of \$2,500 for his only unmarried daughter, Miss Margaret Wilson, so long as she remains unmarried, and numerous other bequests to members of his immediate family were provided March 31, 1917. The will was dated.

At the time of America's entrance into the World war, and was witnessed by Ellen Woodrow Bones, a cousin; I. H. Hoover and Ralph N. Rogers, the latter White House attaché.

No estimate of the total value of the estate was given, but it is reported to be between \$150,000 and \$200,000.

The entire estate will revert to Mr. Wilson's daughters, Margaret, Mrs. William G. McAdoo and Mrs. Francis B. Sayre, upon the death of Mrs. Wilson.

## Singer To Deliver Address For Radio

Frank K. Singer, superintendent of methods for the Pennsylvania Bell telephone company at Pittsburgh, formerly of Salem, and son of Mrs. Florence Singer, 26 Garfield ave., will deliver an address on "Personnel Problems of Today," by radio from Pittsburgh at 8 p. m. Tuesday.

Supt. Singer is well known here, having been connected with the Ohio Bell here some years ago.

## VARIETY OF SUBJECTS TAUGHT IN SCHOOLS

### Modern Subjects, Some Elective And Others Compulsory, Keep Pace With Progress In Salem's Schools.

By H. P. BRAMAN  
The school pupil of today has dozens of advantages over his mother and father who went to school years ago. But to some that advantage is known as a "frill" and something to be looked at askance.

To the thinking public, however, a "frill" today is nothing more than a modern subject taught in a modern way to pupils who are taught to think and to be modern to be of the age they live in.

## Injection Of Truth Serum Unlocks Criminal Tongues

### Mystery Of Two Dozen Ax Murderers In South Is Solved By Serum Which Causes Them To Talk Freely.

Birmingham, Ala., Feb. 25.—Truth serum, applied to criminals is a success because it actually "unlocks tongues," it was asserted today by Solicitor James G. Davis who has administered the drug to 13 prisoners, ten of whom are suspected of being the brutal ax murderers, whose crimes of the past three years have horrified the south.

If the case is proved this serum (scopolamine) will receive the credit for unraveling Birmingham's two dozen ax murderers, Davis said.

"It has led to the arrest of parties whom we did not suspect and against whom we have since secured damaging evidence."

"I do not mean to say that scopolamine is infallible. We find that many statements made by prisoners while under the drug are meaningless, but I do say that in every case we have tried, with one single exception, valuable information has been given."

One ax wielder has been convicted of assault with intent to rob because of the truth serum evidence, Davis said.

Nine others, all negroes, have told when subjected to the drug details of various ax murders and assaults, the solicitor revealed.

The nine men are held in isolated cells pending their trials which were scheduled to get under way today.

"It took the truth serum to bring the activities of this murder syndicate to light," Davis asserted. In addition to the nine murders, three other prisoners were given the tests. They were white men at Tuscaloosa, one of whom was charged with the murder of a young woman.

"Turn them loose, they're innocent," Davis advised the authorities after grilling them while under the spell of the serum.

It developed subsequently that all three were released after jury trial. They were innocent.

The tests conducted so far by the serum have not proved harmful. The patient suffers temporary discomfort and slight illness, but that was about all. The serum is injected into the arm, although it may be taken in capsule form.

In most cases the patient dropped dreamily off to sleep. They suspected nothing. And then they began to talk, to answer questions, to make damaging admissions, to tell what police wanted to know.

Awakened, they remember nothing.

## SLEMP DENIES OIL LEASE FIGURED IN TRIP TO FLORIDA

Washington, Feb. 25.—A broad and sweeping denial that his December trip to Florida had anything to do with the naval oil leasing scandals, or the men who figure in it, was made today by C. Bascom Slemple, secretary to President Coolidge, in the course of a 40 minutes' grilling at the hands of the senate public lands committee.

Slemple admitted he had seen Albert S. Fall at Palm Beach and also E. B. McClean, who loaned Fall \$100,000 in checks that were returned uncashed, and he admitted talking to them about the oil investigation, but he described his conversations as usual and informal and in no way connected with his official position as an administration representative.

Slemple described several conversations he had with McClean and Fall. He was a dinner and luncheon guest of the McCleans, he said.

On one occasion, the president's secretary said, he was walking on the beach with Fall and Fall said to him: "I'm going to tell it all."

Slemple said he advised him to do so. Slemple denied that he had communicated from Palm Beach with members of the oil investigating committee.

Walsh asked Slemple about the famous \$100,000 loan to Fall, "about which you went to Florida," but Slemple denied knowing anything about it.

"It was a surprise to me that the money was advanced by a different party than the one we supposed it," Slemple replied.

"I was down there on no mission for the president or anyone else. It was for my health."

"The day you (Walsh) arrived I was walking along the beach and met McClean and he said he was going to tell you the facts. I told him I hoped so."

## SCHOOL DEBATORS TO ARGUE MERITS OF WORLD COURT

### High School Teams To Meet Rayen, Warren, Niles And Carrollton.

Twelve debaters of Salem High school, under the direction of L. T. Drennon, public speaking instructor, will endeavor to uphold the reputation of the Salem school, on the forensic platforms of Rayen, Warren, Carrollton and Salem on March 7 and 8 when the subject of the World court will be debated.

The negative and affirmative teams will meet the other three schools with this question to be settled:

Resolved, That the United States should enter the World court, as proposed by the late President Harding.

Friday night, March 7, the affirmative team will debate Niles here, while the negative team will go to Rayen, Youngstown.

The affirmative team on that night will be composed of Willa Mae Cone, captain; Clara Patten, Thoro Thomas, Ralph Kircher will act as alternates.

The negative team that goes to Rayen will be composed of Edward Heck, captain; Julia Patten, Lozeor Caplin, with Cecelia Shriver as alternate.

The following night, March 8, the affirmative team goes to Carrollton, while the negative team goes to Warren.

The affirmative team will be: Willa Mae Cone, captain; Neil Grisez, Helen Fleck, with Helen Reitzel acting as alternate. The negative team will have Edward Heck as captain, Ralph Kircher, and Cecelia Shriver, and Joe Marsilio will be alternate.

The same subject will be debated on Saturday night.

Last year Salem High debaters won two meets from Wellsville, and broke even with Rayen, the dual meet was superseded this year by a triangular affair.

There are only three seniors among the 12 team members, all others being underclassmen.

## MAN, WIFE, SMALL CHILD KILLED AS TRAIN HITS AUTO

Ravenna, Feb. 25.—Three persons believed to be Loren W. Swigart, his wife and four-year-old child, were instantly killed three miles from this city by a fast Pennsylvania flyer last night.

They were riding in a touring car and the machine and bodies were carried on the pilot of the engine, one-half mile before the train could be brought to a stop, according to reports. The victims were placed on the train and taken to Niles, Ohio, the next stop.

## Hundreds Come Here To View Fire Ruins

Several hundred motorists from the southern part of the county, including those from Lisbon, drove to Salem Sunday afternoon to view the fire ruins.

Traffic on the Salem-Lisbon rd was heavier during the afternoon than any day since the highway has been in the condition that it is—covered with ice and snow.

There are two spots on the Salem-Lisbon rd, where one way traffic prevails on account of heavy drifts.

## SPEIDEL, MOFF LOSS IS MORE THAN \$150,000

### Spectacular Blaze Saturday Night Brought Under Control Sunday Morning; Volunteers And Alliance Firemen Aid.

Two three-story brick buildings on Broadway in the heart of the city's business district are today smoldering ruins, with damage by smoke and water to a third, after the worst fire in downtown Salem, and one of the worst in the history of the city, smoldered about 9:30 p. m. Saturday and blazed for 10 hours.

Water was still being played on the smoldering ruins all day Sunday.

The damage is estimated at from \$150,000 to \$175,000 actual loss, with the replacement values around \$225,000. This covers stock and the buildings themselves, which were those owned by the Henry Moff estate and Miss Nettie Speidel, and which housed the following:

Frank R. Speidel, retail shoe store, 15-17 Broadway, completely ruined. Flames originated in the basement of this store.

Western and Southern Life Insurance Co. office, 15 1/2 Broadway, total loss.

Dental office of Dr. Frank R. Matthews, 15 1/2 Broadway, totally ruined.

Allen Reynolds post, Veterans of Foreign Wars, 15 1/2 Broadway, third floor, floor fell through and everything in rooms destroyed.

Charles B. Moore, confectionery, 11 Broadway, fire and water ruined most of store, but can be repaired.

William W. Fluckiger, meat market, 13 Broadway, least damaged of any, with smoke and water damaging fixtures and stock.

Homes of Jesse Dellenbaugh and John E. McGrath, 13 1/2 Second floor, gutted completely but part may be salvaged.

Italian band rooms, third floor, 13 1/2, burned out.

The building to the south of the two that burned and owned by J. A. Schwartz, housing the Schwartz store on the first and second floors, with stock on the third, was saved by the double fire walls and by the heroic work of firemen who fought and subdued flames in the third floor before they spread.

Speidel's Heaviest Losers  
The Speidel store was the one that suffered most. The stock of shoes and fixtures, valued at \$70,000 were consumed by the flames which completely destroyed the building, only the front wall remaining standing. This stock was covered with insurance, as was the building partially.

The Moff building to the north of the Speidel building was covered with insurance, the loss to this building being estimated by Ralph Moff, one of the owners, at \$25,000, while the occupants suffered considerably though most all had adequate insurance.

Miss Frances Speidel had gone in the Moore confectionery after Mrs. Frank Speidel had closed the store for the night. Coming out of the confectionery a few minutes later, Miss Speidel noticed smoke in the store as she glanced that way, and hurriedly called the fire department. Chief Malloy ordering all three trucks to the scene.

For an hour the flames could not be seen only at intervals. Covering the basement rapidly the fire must have eaten its way unnoticed to the shoe repair shop in the rear of the Speidel store, where inflammable materials quickly caused flames to ignite the shoes on the first floor and the fire then began to gain headway as firemen could not locate the source until this smoldering fire burst out with the entire first floor on fire, the flames had gained too much headway and stubbornly resisted the attacks of the many lines of hose from Salem's two pumpers.

Call Alliance Department  
At midnight Fire Chief Malloy ordered a call sent into the Alliance department, which immediately sent its flying squadron of eight firemen, and Fire Chief Held himself came in (Continued on fifth page.)

## VETERANS LOSE ALL EQUIPMENT

### Foreign War Vets Plan To Get New Quarters As Fire Routs Them.

Allen Reynolds post No 892, Veterans of Foreign Wars, which was completely destroyed by fire Saturday night when the Speidel building burned, will hold its meeting at the Eagles' hall, which was donated by the Eagles.

Every comrade is requested to be present Wednesday at 7:30 p. m. at the Eagles hall. Plans will be made at this meeting to secure new post colors, new post rooms and new fixtures which were completely destroyed. The post's loss consisted of the post colors, rifles, pool table, two desks, 100 chairs, piano, hall rug, a very complete kitchen, several tables and benches, radio and complete fixtures.

The greatest loss was that of Earl Brick Charles Gertel, Alex Chalfant, Bert Leach and several other comrades who lost their souvenirs which came direct from the battle fields of foreign services.

The American Legion also offered the use of its rooms for meetings of the Veterans of Foreign Wars.

Several stores and confectionaries, and klanswomen, established coffee headquarters, serving hot coffee to fire fighters throughout the night. Sandwiches were passed around many times.

All city policemen, Chief of Police Thompson, and both volunteer fire departments were big aids in fighting the fire, while hundreds of others also were on the job.

City firemen want to publicly thank Jesse Schaffer, I. G. Harris and Bolger & French, K. of P. Klan and Deluge Hose Co., for the tobacco, hot drinks and medical treatment given by these three stores. The thanks are from the many volunteers, Alliance firemen and others, as well as from the local fire department.

Several physicians had to render medical assistance to several volunteers who had toes and hands frost bitten.

J. A. Schwartz of the Schwartz store states that had it not been for the Salem and Alliance regular firemen his store would have been badly damaged, despite the double fire wall.

## A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## DAYTON SCENE OF SLOT MACHINE WAR

82 Machines Taken In Raid  
Ordered By Governor  
Are Returned.

Dayton, Feb. 25.—On 82 slot machines of the Morris type, and held to be legal, all today have been returned to the places where they were being operated.

This was the aftermath of the most sensational slot machine raid ever staged in Dayton.

It had been authorized by Gov. Denney, who instructed both Sheriff Webster and Chief of Police Wood, to proceed to beat the injunction R. C. Patterson obtained in the court of Judge R. C. Patterson some months ago to stop interference with his machines.

In the meantime, 72 alleged illegal machines are held at the police station and the operators are to appear in court today and be informed as to the outcome of their trials.

According to the way things panned out, Webster and his deputies were to seize the Morris machines and the police the other illegal machines.

Everything was going according to schedule and truck loads of confiscated machines were being hauled to the police station and county jail.

At this juncture Morris got wind of what was happening and he beat it for Judge Patterson's court room.

The court held that Webster had no right to participate in raid, because he himself had served the injunction against the police in the original case and had cognizance of what was what.

However, to be sure that there would be no misunderstanding, the court issued a second injunction, this time against the sheriff, and notified him of the order and instructed him to return the machines forthwith, and the sheriff didn't "do anything else but."

The battle of the slot machines has been going on, off and on for several months pending the outcome of the original suit.

education and the other subjects necessary and offered by the city board of education.

The subjects are arithmetic, reading, physiology that is mostly practical, English language and grammar, spelling, music, art and penmanship, physical education, fire prevention, and thrift. Those subjects are taught in all grades from one to sixth and Junior High. Geography is taught by oral method in the second and third grades, and by text book in the fourth, fifth and sixth grades. World history connecting the world with the United States is taught in the sixth grade.

The grade pupils are divided up as follows: Fourth st. 339; McKinley 227; Columbia 379; and Prospect 287.

**Junior High Formed**

In the fall of 1913 the Junior High was created to bridge the gap between the grades and High school in conformity with the national views on such matters. Where there had formerly been a big drop between the grades and High school the bridge was put up and has proved very satisfactory.

All the basic studies mentioned above are offered, and several others in addition are prescribed by the state or city. United States history is taught in the seventh and eighth grades, or the two grades that compose the Junior High. The state requires that education in government be given so the constitution of the United States and of Ohio are discussed and also community civics is on the list. Text book geography is also taught in the seventh grade.

Pre-vocational work is given in the seventh and eighth grades. It consists of manual training for the boys and cooking and sewing for the girls.

There are today 423 pupils in the Junior High.

A total of 566 pupils in the High school are educated in a large list of subjects, some compulsory and some elective.

**High School Subjects**

The subjects are by years:

First—English, Latin, algebra, history 1 and history 2, community civics (first semester), occupations (second semester), general science, agriculture, household economics, manual training, gymnasium and chorus singing.

Second—English, Latin, French, plane geometry, biology, commercial arithmetic, bookkeeping, home economics, manual training, gym and chorus.

Third—English, Cicero (Latin), French, Spanish, public speaking, modern history, chemistry, bookkeeping stenography, commercial English, mechanical drawing, gym and chorus.

Fourth—English, Vergil (Latin), French, Spanish, advanced algebra (first semester), solid geometry (second semester), trigonometry (second semester), American history (first semester), civics (second semester), American problems, physics, stenography, commercial geography (first semester), commercial law (second semester), salesmanship (first semester), office practice (second semester), gym and chorus.

General Directions

Sixteen year subjects, or their

equivalent, are required for graduation, with the addition of physical training for four years. Four subjects per year constitute the regular work a student should take. A pupil may be allowed to take either more or less than the regular amount, but only with the approval of the principal when there seems to be good reason for so doing. An increase in the amount or a reduction of the amount of work may be required when it seems best that such change should be made.

The 16 units presented for graduation shall include two units of English, two units of social science, one of which must be American history and civics and one unit of science. They must include two majors (that is, two subjects pursued for three years), and two minors (that is, two subjects pursued for two years). Three units of any of the following constitute a major: English, mathematics, a foreign language, history and subjects, science, commercial subjects, and vocational subjects. Two units of any of the above will constitute a minor. By a unit is meant a subject successfully studied for a year with not less than five recitations per week or their equivalent. Music will count one-half unit if taken for four years. One-half unit is allowed for the required physical training.

Only one year of a foreign language, or of shorthand and typewriting will net receive credit toward graduation.

No credit toward graduation will be granted for first year subjects taken during a pupil's senior year.

Ten units should be taken from academic subjects. The academic subjects are the languages, social sciences, sciences and mathematics.

All electives must be determined by the advice and consent of the principal and parents and all individual schedules are subject to the approval of the principal.

**62 Teachers Employed**

Grade teachers today receive an average salary of \$950 a year. In 1930 teachers got \$15 a month and principals \$40. Where there were two or three teachers in Salem in the middle of the past century there are today 68 teachers, 43 being in the grades, and 25 instructors in the High school.

Teachers in both Junior and Senior High schools instruct the same. Work is departmentalized and teachers specialize in one or two subjects.

There is not enough room for all pupils and some grade teachers have had to teach many more than their regular allotment this year. The city needs a new grade school and soon the situation will be such that a building may have to be rented temporarily until a new school is built.

## THEATRES

**Girl of the Golden West**

Realism is the keynote of Edwin Carewe's production of "The Girl of the Golden West," a First National picture shown to the State theater Monday, Tuesday and Wednesday. Not only were the exteriors of the play taken in the territory made famous as the scene of the historic California gold rush of 1849, but also most of the screen play "brons" were actually used in that celebrated stampede.

For instance, the stage coach which figures prominently in some of the most dramatic action of the play, was the same coach which more than 50 years ago rumbled over the mountain passes of the High Sierras, carrying mail and passengers between Modesto and Sonora.

Logan — The Hocking river has overflowed its banks between Logan and Lancaster and all motor bus traffic has been suspended.

## ESSAY ON LINCOLN BRINGS HIM PRIZE

Calvin Weimer Gets Medal  
At Parent-Teachers  
Meeting.

Leontonia, Feb. 25.—A large audience was present at the meeting of the Parent-Teacher association Thursday evening at St. Paul's chapel when the schools of Leontonia gave this program:

Singers chorally fifth grade, South Side school; recitation, "A Boy's Friend," Ignatius McNeil; song, "Mother Goose," Billy Haddock; recitation, Pearl Hall; dramatization, "The Three Kittens," first grade boys, North Side school; recitation, whoops, Robert Rauch; health play, first, second and third grades South Side school; drum solo, Joseph Reese; scene from constitutional convention, seventh grade; "Playmates," Harry Arnold and Arlen Girard; Lincoln song, Fourth grade, South Side; presentation of Lincoln medal by Supt. E. P. Stonebraker for the best essay on "Lincoln, the American Ideal," by a student.

The essay was written and read by "flag" boys and girls of second floor Calvin Weimer. "The Making of the North Side," "America," by audience and children.

The newly elected president, declining the office the former president, Mrs. Mori Standhaugh, presided over the business session and the nominating committee was instructed to secure a candidate for the presidency to be voted on at next meeting.

The prize of \$3 offered to the grade having the highest per cent in attendance of parents and friends who were influenced by the play to be present on visitor's day several weeks ago, was won by the third grade, South Side school, having a per cent of 67½ followed by grade eight, with a per cent of 47½.

John Taylor of Taylor & Luce hardware Co. offered a prize to be given away at the next meeting of the Parent-Teacher association, the time for which was not designated.

Supt. E. P. Stonebraker spoke on the success of the mid-winter school festival, stating that the proceeds, after expenses were paid, amounted to \$201.33.

Special mention is due little Joseph Reese of the first grade, who played the drum solo, responding to an encore, as being of exceptional merit for a child of six.

The American Quartet which was to appear in the closing number of the winter lecture course on Friday night, cancelled its engagement with Leontonia. Another entertainment will be secured for March 17.

The Luther league of St. Paul's, accompanied by Rev. and Mrs. H. C. Prillhart and daughter, Margaret, composed a gleeful party to the home of Mr. and Mrs. C. J. Halversadt, south of town, where they spent the evening and enjoyed an oyster supper.

## Township Will Sell Road Paving Bonds

Trustees of Elkan township will offer \$20,000 bonds for sale to the highest bidder at a public letting to be held in the township house at Elkton at 10 a. m. Saturday, March 2.

The proceeds from the issue will be used for the grading and surfacing of that section of the East Liverpool-Youngstown road in the northeast quarter section of that township, which will join with the road in Fairfield township on the north and the Middleton township section of the road on the east.

## WASHINGTONVILLE

Quite a number of boys and girls went on a bobsled load Thursday evening. They rode as far as Columbiana and finding the weather was too cold they came back and stopped at J. A. Stetter's farm where they all enjoyed a meal.

## MARSHAL KILLED, CONSTABLE HELD

**Former Marshal Also Faces Charge Of Murder In Ohio Village.**

New Lexington, Ohio, Feb. 25.—Charges of first degree murder were to be placed today against Edward Brandigan, village constable, and Emmett Tague, former marshal of the village of San Toy, held in the county jail here following the murder of Marshal Luther B. Reed, also of San Toy.

According to Sheriff Herbert Minshall, who arrested the two after an investigation at San Toy yesterday all three had been drinking heavily. Tague, it was reported, took Reed to his own home to sober up, but later went back with Brandigan and attempted to induce Reed to go to his own home.

Reed, it was reported, became angry, drew his gun and ordered Tague to lace his shoes. While he was complying with the order a shot was fired, which struck Reed in the head, killing him instantly.

Two passersby heard the shot, found the body and notified Mayor C. A. McIntyre who called the sheriff. According to reports here today each of the prisoners asserts that the other fired the shot.

Reed succeeded Tague as village marshal last January. He leaves a widow and seven children.

## NEED TO PREACH

Continued from First page

race and cries tonight to Salem, Repent ye! Repent ye!

"Repentance is more than conviction. Very few there are who do not know they are sinners and need to repent. They have not the courage or manhood to assert their will power to turn from their secret sins."

"Repentance is not sorrow, a though Godly sorrow enters into true repentance. Some jailbirds in the prisons or penitentiaries are weeping in their cells, but if released they would be back again within six months."

"True repentance is in your will power and not in your handkerchief. It is crying an indication of religious fervor; our children repent more before they are six months old than they ever do afterward."

"When the prodigal said, 'I will arise and go to my father,' his coming was true repentance. Setting one's back to past sins and facing toward the God of love and righteousness, repentance of the true type, and I want many in Salem ought to do now."

Rev. E. A. Beale of Washington will speak tonight at 7:30 o'clock. Circles 1 and 2 will attend in a body. Special reserved seats in the center section will be held for them.

**OVER-RIPE EGGS LEAD TO ARREST; CANDLING URGEI**

Columbus, Feb. 25.—Candling of eggs by retailers was suggested today by the State Agricultural Director Traux to save them from embarrassing situations with the consumer and the likelihood of arrest for a legal misrepresentation.

Some dealers, Traux declared, persist in selling storage eggs as "strictly fresh." Prosecution of 100 such cases recently has resulted in fine ranging from \$25 to \$200 for offenders seeking a wider margin of profit by questionable methods.

Various tests will protect the retailer, Director Traux asserted. Operation to keep good eggs on the market is solicited by the state department, inspectors of which have found as many as 22 over ripe eggs in two dozen lots bought at random for inspection it was stated.

**Auto Associations Are Consolidated**

Washington, Feb. 25.—Consolidation of the American Automobile Association and the National Motorists association into an organization known as "The New American Automobile Association" was announced today after an all night meeting here of officials of both groups.

The merger will be submitted to individual clubs for their approval.

## PATTERSON SPEAKS AT GATHERING OF MAHONING POMONA

**Nation's Responsibility Is Lisbon Man's Subject; Ellsworth Host.**

"The Nation's Responsibility" was the theme of an eloquent address given by Robert Patterson of Lisbon at a meeting of Mahoning county Pomona range Saturday at Ellsworth grange hall. It was marked by a large attendance.

In his discourse Mr. Patterson likened the United States to the children of Israel, whose history is recorded in the Bible, and stated that as long as they obeyed the law given by God, their leader, Moses, they prospered.

He spoke of the Declaration of Independence, written by Thomas Jefferson, as coming from a higher power and expressed the belief that we were becoming so commercialized that the tendency was away from the faith of our forefathers, and that unless we turned to that of the Israelites, who looked to the true God for aid and worship.

The program opened with this yell: Every patron booming; every grange rowing; the number of granges increasing; everybody working for better rural life. Here are the numbers given:

Music, Ellsworth Center Grange orchestra, composed of five members of the Regal family; humorous song, Frank Townsend and Herman Stratton; reading, Miss Genevieve Barker; vocal solo, Helen Shively; talk, "The Value of Boys and Girls Clubs," Miss Miriam Hawkins, county demonstration; vocal selection, Frank Townsend, Herman Stratton and Ivan Townsend; election, orchestra.

The Pomona juvenile grangers presented this program: Vocal solo, Harold Meckler; recitation, Dorothy Woolf; recitation, Philip Geist; recitation, Mildred Manchester; recitation, Virginia Byerly; juvenile yell.

Frank Townsend, Goshen grange, was chairman of a committee appointed to arrange for the July picnic.

With C. S. French, Goshen grange, in charge, 13 candidates were obligated in the fifth degree.

On the last Saturday in May the Pomona meeting will be held at Greenard grange.

## WANTS DISABLED VETS HOSPITALS OPENED FOR ALL

Washington, Feb. 25.—Opening of veterans hospitals to veterans of all wars regardless of origin of disability and extension of the time limit for filing compensation and training claims, was urged by Thomas Kirby, national legislative representative of the Disabled American Veterans, today before the subcommittee of veterans affairs of the senate finance committee.

Kirby asked the committee that "prompt consideration be given to the test of rehabilitation for vocational training and that the proposal to compel veterans in hospitals to allot three quarters of their compensation should be stricken out."

## GEN. LUDENDORFF AWAITING TRIAL

German War Chief Guarded  
Before Trial On High  
Treason Charge.

Munich, Feb. 25.—Gen. Ludendorff, known during the great war as "the brains of the German army" and Adolf Hitler, leader of the Bavarian Fascist, today were lodged in the War Academy building preparatory to hearing their trial tomorrow on a charge of high treason.

Ludendorff was gloomy and had a charge of high treason. Hitler seemed in better spirits.

The War Academy building is closely guarded by military police to prevent any attempt to harm or to liberate the captives.

Anticipating demonstrations in favor of the famous prisoners, police have prohibited political mass meetings.

No more than three persons are permitted to assemble within a certain "prohibited area."

Chief interest centers in Ludendorff's trial on account of his military prominence. Nationalist have been active ever since his arrest during the Fascist uprising last November to present his trial. They appealed to Field Marshal von Hindenburg who refused to act, saying he was convinced that the trial would show that Ludendorff acted purely from patriotic reason.

## OBITUARY

Mrs. William E. Linn, 23, wife of William E. Linn of Youngstown, formerly of Salem, died at 6:30 a. m. Sunday at the Youngstown City hospital.

Orill M. Bridges was born in Trenton, Mo., the daughter of Mr. and Mrs. Arthur M. Bridges, who survive her. She went to Washington, D. C., during the war to work for the government, and there met William E. Linn of Salem, and they were married in 1919.

Since that time they have lived in Youngstown. Two sons were born to them: William E. Jr., three years old, and a week-old baby, Ralph David, two brothers, Buford, in Trenton, Mo., and Gilbert, Los Vega, N. M., also survive.

Funeral service will be held at the home of Mr. Linn's brother, Dr. R. D. Linn, 302 Lincoln ave., at 2:30 p. m. Tuesday, in charge of Rev. H. L. Miller of the First Christian church, in Trenton in Hope cemetery.

O. B. Fales, 75, died at the Salem City hospital at 2 p. m. Saturday, following an operation several days ago.

He was buried this afternoon in Hope cemetery following service at the home of his daughter, Mrs. A. C. Yingling, 85 Tenth st., with whom he had resided for the last nine years.

Mr. Fales was born in Canfield and had lived all his life in Canfield and Salem. When his wife died nine years ago, Mr. Fales came to Salem to reside with his daughter, and her husband. There are no other survivors.

He was a retired locomotive engineer and was a member of the National Brotherhood of Locomotive Engineers.

Dr. P. H. Gordon of the Presbyterian church had charge of the service at the home today. Those persons from out of town were present: Miss Hannah Ferrell, Cleveland; E. F. Ferrell, New Castle; and Mr. and Mrs. Arthur Tinnel, Youngstown.

Mrs. Hortense Guillery, widow of Alvin Guillery, died Saturday at the home of her daughter, Mrs. Ed. Lux, 411 Washington.

She was born in France in 1856, coming to this country in 1905 when she went direct to Youngstown to make her home with her son Marcel Guillery. Nine months ago she went to live with a daughter in Washington.

The funeral was held at 2 p. m. Monday at the daughter's residence.

## STOCKS

MARKET IS STEADY  
New York, Feb. 25.—The stock market opened fairly steady today. Occasional declines were noted but fractional advances predominated.

Steels were steady. Bethlehem Steel rising  $\frac{1}{2}$  to 58 $\frac{1}{2}$  and U. S. Steel  $\frac{1}{2}$  to 104 $\frac{1}{2}$ . Studebaker lost  $\frac{1}{4}$  to 101 $\frac{1}{2}$  while Mack Truck gained  $\frac{1}{4}$  to 86 $\frac{1}{2}$ . Oils were firm. Pacific Oil rising  $\frac{1}{2}$  to 55, Pan American  $\frac{1}{4}$  to 46 $\frac{1}{2}$  and Phillips Petroleum  $\frac{1}{4}$  to 39.

Coppers were a bit heavy. Anaconda falling  $\frac{1}{2}$  to 29 $\frac{1}{2}$ , Kennecott  $\frac{1}{2}$  to 24 $\frac{1}{2}$  and Inspiration  $\frac{1}{2}$  to 23 $\frac{1}{2}$ .

Rails were slightly irregular. Washburn preferred "A" rose  $\frac{1}{4}$  to 43 $\frac{1}{2}$  but Southern Railway at 49 $\frac{1}{2}$  and New Haven at 19 $\frac{1}{2}$ , were off  $\frac{1}{2}$ .

Heaviness characterized trading in the forenoon session on the stock exchange today. Selling coincided with the resumption of public hearings in the oil lease scandal, but pressure emanated almost wholly from professional bear sources.

After opening fairly steady, heaviness in the majority of the list which showed losses ranging from a fraction to nearly three points.

Steels were lower, with losses ranging from one to over two points. Rails also sold off. Virginian Carolina Chemical preferred was a weak feature touching 17 $\frac{1}{2}$ , a loss of over 17 points from this year's high point and only  $\frac{1}{2}$  point above the lowest level ever sold.

## FIRE DESTROYS

Continued from First page  
his own car to aid Chief Malloy in directing the hundreds of volunteers from all walks of life, who nobly rose to the emergency, some in their best, some in old clothes, and stuck to their posts in smoke and fire, doing much to confine the flames to the two buildings.

Lodges and organizations that were holding meetings, business men closing up for the night, and hundreds of citizens, attracted to the scene formed hose crews under the directions of regular firemen, Klansmen and Klan women made coffee, while many of the men, who were holding a social, aided in fighting the fire, while Veterans of Foreign Wars, in session on the third floor of the burning building, also took several lines of hose.

Up to midnight hope was held out for the Moff building, but the Speidel store and building was doomed. It was a question of keeping the flames from spreading, and handicapped by lack of an aerial hose ladder to fight the fire from above, firemen had to pour in water from below.

The Alliance fire department made a 29 minutes run and arrived about 12:40, and took their stand at Lundy and Pershing, their pumper being attached there, while the Alliance crew fought the fire from the rear.

Constantly tons of water from the 12 lines of hose poured on the flames but stubbornly resisting all efforts to be quenched. The flames spread in a spectacular manner to the top floor and roof of the Moff building, then the second floor, great bursts of flames lighting up the sky.

Brought Under Control  
Manager Ed. Hauser of the Salem Lighting Co., was on hand early and personally cut many wires, while his foreman and crew got busy, braved the flames and falling walls, cut wires in and near the building, and then the city shut off its main business switch, plunging the downtown streets into darkness, but saving the city lights.

Flames shot out the front windows of the Speidel building about midnight, but the basement was completely flooded, the flames eating their way up, and at 2 o'clock, the red tongues of fire began to eat their way to the front windows, and finally burst through, and then the building was doomed to destruction, although the substantial front walls defied the advance of the fire.

Scarcely at every vantage point on roofs of the Schwartz store, First National bank, and back buildings, a group of volunteers continued to pour in thousands of gallons of water until 6 a. m., when the flames in the Moff building were put out, and the smoldering ruins in the Speidel building were under control.

Safety Director C. W. Zimmerman, who with Fire Chief Malloy was in charge of the fire fighting, thanked the Alliance chief and department and sent them home about 6:30 when the fire was well under the control of the Salem department.

Cause Undetermined  
It was a very spectacular fire, and its cause is more or less a mystery.

Robert Speidel, son of Mrs. Speidel, the manager, and himself assistant manager, stated that it is their custom to allow the furnace fire to go down Saturday night, and remain out Sunday. He believes that the furnace may have caused the fire having been overheated Saturday evening while the store was open.

Much inflammable material on the first and second floor ignited quickly so that the real origin of the fire will be forever unknown. There is nothing but ruins to tell the tale, and everything will have to be torn down and rebuilt, which will probably be done this summer.

The Moff family will rebuild as soon as possible, Ralph Moff says. The loss to their building was slight in comparison to the Speidel building.

Many articles of furniture were carried out of the Moore connector and were saved from damage. The second and third floors of the Moff building were completely gutted, and roof falling in.

On the second floor of the Speidel building was new stock estimated at \$10,000 that had not been opened. The store had just bought heavily in anticipation of spring trade.

Volunteer crews were at work Sunday and Monday caring the street and getting some of the ruins out of the way of traffic. Gangs of Y. & O. workmen had to chop ice from the tracks so that the 11 p. m. car on that line could leave Salem Sunday morning. It was stalled on Broadway all night with hose covering the street in front and back of it.

Expedite Shipments  
Of Dairy Products.  
Plea To Railroad

Columbus, Feb. 25.—Milk distributors and butter and ice cream manufacturers of Ohio, Indiana, Illinois and Kentucky will confer March 26, it was announced here today by W. A. Wentworth, secretary of the Ohio Dairy Products association, with railroad officials at Indianapolis, Ind., in an effort to expedite shipment of dairy products and incidentally increase production and profits.

Aid of state universities will be sought, Wentworth announced, in the endeavor to produce more milk or the farms by giving more attention to it than crops proving less remunerative. Greater quantities of milk can

be shipped at approximately the same minimum cost, says Wentworth, giving as an example the fact a 10-gallon can be sent for about the same rate as one of half that quantity. Larger production will obtain a lower unit of cost in transportation, he declares.

## Cox And Campbell File Declarations

Columbus, Feb. 25.—Declarations of candidacy were filed today with Secretary of State Brown by James M. Cox, Dayton, former Ohio governor and candidate for president in 1920, and James E. Campbell, Columbus, former Ohio governor, for the Democratic nomination for the presidency.

Each declaration designated Robert S. Hayes, Columbus, as official representative, authorized to sign all documents and transact all business for the candidates.

# HIGH TEAMS PLAY LISBON ON FRIDAY

Red And Black Should Find The Going Easy At The County Seat School.

Only two games from the Salem High basketball team this week, Lisbon High will be host to Salem on Friday night in the county seat even in two games that should be easy for the Red and Black.

Lisbon, coached by Helms of Kansas, has not had a very successful season. The Girls team has been able to come close in some games, but the Boys are duplicating their record in football by not winning a county game.

This will not mean any letting down, by Coaches Rohrbach and Richtman, as there are several hard games this season to be played and the teams must be kept in trim.

Last Saturday the Salem Boys appeared to have reached their best form and ought to continue until the season ends. The Girls team, shaken by sickness and ineligibility, was not so good, but still defeated East Liverpool and ought to easily win the title securely as Lisbon and East Palestine can be beaten. Even if they would drop one game they would still hold the title as all other teams have been defeated twice.

# PALESTINE WINS CLASS B HONORS

The East Palestine High school basketball team won the Class B tournament in the Columbiana High school gym in the final game Saturday afternoon. Their victims were the Boardman High passers. The score was 28-20.

Boardman was the dark horse of the tourney and gave all her opponents a hard battle. East Palestine took the lead in the initial period and while they never had much of a lead on Boardman at any time, they were always in front.

Orndorff, the eloquent East Palestine center, was the hero of the contest. He caged the ball seven times, and made three fouls.

The gym was packed for the final contest. Both teams were awarded cups.

East Palestine and Boardman will go to Akron to compete in the Northeastern Ohio tourney.

## COLUMBIANA

The ladies of the Relief corps entertained on Washington's birthday to a dinner the Civil war veterans. This is an annual affair and much enjoyed by the few who remain of the falling ranks of the once great army.

Vaure Skelton and his grandmother Mrs. H. L. Rock were in Minerva, visiting D. M. Skelton and family the first of the week.

Cyrus Messersmith has returned to Columbiana from Pennsylvania college and will discontinue his studies.

Mr. and Mrs. Wick Fry were in Pittsburgh attending the undertakers' convention two days last week.

Rev. Amos L. Heyd of Attica, O., will give an illustrated lecture touching on the interests of the benevolent and educational interests of the Lutheran church, at the church here Tuesday evening.

Pandora Rebekah lodge will hold its regular meeting Monday evening at which time a silver offering will be taken for charity.

The American Legion auxiliary will meet at the Legion hall Tuesday evening. All members attending are requested to bring magazines and reading material suited to send to the Soldiers and Sailors hospital in Dayton.

## What It Costs to Run Our Business

# Why the Dollars Fly

For every 20c received in gross revenue we must reinvest \$1 in upkeep, new equipment, extension of service, etc. You pay the 20c in exchange for service. We invest the \$1 to keep that service going and extend its usefulness.

Who makes any profit? you ask. Where does all this new money come from?

The company borrows from investors. Private capital pours in—sometimes in large amounts; sometimes through many small sums combined, the monthly savings of local stock holders.

Every piece of new equipment, every extension of service must be paid for through additional financing. They cannot come from current earnings. In this business there is a continual demand for dollars.

## COURT NEWS

## Divorce Cases

Theimony case of Mayme Mitchell of Columbiana against her husband Russell Mitchell, which was to have come to trial before Judge William P. Duncan in common pleas court, came to an abrupt end, when Atty. W. O. Wallace of Columbiana, representing the plaintiff, and Walter W. B. of Lisbon, representing the defendant, held a conference.

An agreement was reached whereby Mrs. Mitchell is to receive \$100 in cash, and the property in common. No divorce was sought, either direct or by cross petition. The agreement was made an order of the court.

Estella Moore of West End, East Liverpool, who sued her husband Hiram Moore, for divorce was granted a decree on grounds of extreme cruelty and gross neglect.

The divorce action filed in common pleas court by Audrey Klemann vs. Jacob Klemann has been dismissed at the costs of the plaintiff on motion of the plaintiff.

In the divorce action of Myrtle Valentine vs. Herbert Valentine and an order against the National Brotherhood of Operative Pottery has been dismissed by Judge Moore on the motion of the plaintiff, and at her costs. The order against the Brotherhood has therefore been dissolved.

The court has ordered Homer Beall to pay his wife \$24 every two weeks as alimony and for the support of their children, and the cross petition for divorce filed by the defendant, Sadie Beall, has been dismissed.

On the motion of the plaintiff, the divorce action of Ruth Maynard vs. Ralph Maynard has been dismissed by the court.

Martha Ward of East Palestine has been granted a divorce from her husband Eddie Ward, and \$24.49 due the defendant by the National Fireproofing Co. of East Palestine, has been ordered paid to Clerk of Courts John T. Burns. The couple were married in Georgia.

## Two Branches Of Court

Two branches of common pleas court probably will be in session at Lisbon beginning Monday, March 14. The assignment list for that period is now being considered. The court record for February will show that over 200 cases were disposed of during the month, the most active period the court has had for years.

## NEWS IN BRIEF

Paris — The German railway authorities are expected to announce a mortgage of 10,000,000 marks, estimated to be worth 25,000,000, 600 gold marks.

Cleveland — Robert Graham, seven months' old, was suffocated to death by bed clothing while sleeping in his buggy.

WIERD, creeping, annoying sensations — scratch — scratch — eczema and other skin eruptions, spoiling your complexion — causing you uncalled for embarrassment — anguish — ruling your temper. All because of impurities that are rampant in your system — because your red blood cells are dormant.

S. S. S. clears up skin eruptions through its power of cleansing the blood. Herbs and barks, carefully selected and scientifically prepared and proportioned, which make up the ingredients in S. S. S. are the most feared and dreaded enemies of skin disorders. Eczema, pimples, boils, blackheads and other skin diseases, pack up and leave the system when S. S. S. sends new rich blood coursing through your veins.

Have a general house cleaning for your system. Let S. S. S. rid you of those impurities which tend to keep you in a run-down condition. Skin disorders are nothing more than billboards announcing that the system is "off color." S. S. S. is sold by the leading drug stores. The large size bottle is the more economical.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

## CHURCHES

### FIRST FRIENDS

On Tuesday evening the Elizabeth Fry circle will hold a business meeting at the home of Mrs. Harold England, East High st.

At the mid week prayer service at 7:30 p. m. Wednesday the pastor will continue his series of talks on the experience and living of holiness.

All members of the choir are invited to meet Thursday evening at the home of Rev and Mrs. C. E. Haworth, East Fifth and East School sts.

Annual day meeting of the Missionary circle will be held Thursday at the home of Mrs. Grant Elton, East High st., at which the time will be devoted to quilting. Each one attending is to bring her lunch.

A cottage prayer meeting will be held Friday evening at the home of Mr. and Mrs. John Coulson, East High st.

The class for Bible instruction for children and those in their early teens will meet immediately after school Thursday at the home of the pastor.

### METHODIST EPISCOPAL

The circles will meet this week as follows on Wednesday at 2:30:

No. 1, with Mrs. Walter Staudt, 168 Jennings ave.; No. 2, with Mrs. Gibbs, 209 Elsworth ave.; No. 3, no meeting; No. 4, with Mrs. A. B. Hobson, Cleveland ave.; No. 5, with Mrs. Stewart, 136 Woodland ave.; No. 6, with Mrs. Goodballot, 34 1/2 Broadway. Associate hostesses are Mesdames A. H. Pults, Rinehart and Wood.

At each of these circle meetings it is requested that a half-hour devotional service be held, and a constituent list of prospective members for the Easter class be prepared for the circle and the pastor for invitation to the special services.

### First Baptist

The World Wide guild will hold a special meeting Tuesday evening at the church.

On the same evening Mrs. G. A. Beers' class of the Sunday school will meet at 7:30 at the church.

### WINONA

## ARREST GOVERNOR ON FRAUD CHARGE

Indianapolis, Feb. 25.—Gov. Warren T. McCray, accompanied by his personal attorney, today appeared before United States Marshal Linus P. Meredith and was placed under arrest on two indictments by the federal grand jury charging use of the mails in a scheme to defraud, and violation of the national banking laws.

Bond of \$10,000 was fixed on each indictment and was furnished by the governor, who accepted the formality of arrest for the second time within a few months unflinchingly.

Arrest on federal charges followed a session of the grand jury at which 150 bankers testified concerning widespread financial activities of the governor, which resulted in his being found bankrupt and in being indicted by the Marion county grand jury in 15 separate indictments on a total of 200 counts.

## SPAIN WITHDRAWS FROM NAVAL MEET

Rome, Feb. 25.—Spain formally withdrew today from the League of Nations naval disarmament conference after the Spanish navy had been placed on an equal footing with South American countries.

The conference offered Spain 80,000 tons of naval craft but the Spaniards insisted upon 105,000 tons.

"We were compelled to withdraw because of the absurd behavior of the conference," said Commander Montague head of the Spanish delegation. "This conference first accepted Spain's offer to limit her naval tonnage to 105,000 but upon a second vote refused to authorize Spain to construct the difference between 82,000 and 105,000 tons."

## Propose Moratorium To Help Germany To Repair Her Finances

Paris, Feb. 25.—A memorandum to enable Germany to repair her shattered finances will be proposed, it is understood, by the international committee of reparations experts headed by Gen. Charles G. Daves, of Chicago.

The committee met in plenary session today to begin the final draft of the report which will be made to the inter-allied reparations commission.

Members of the Dawes committee who made a thorough study of the banking, currency, industrial, commercial and railway situation in Germany said that the country has vast potentialities but fiscal affairs are in such a chaotic shape that it will require a considerable period and expert management to restore them.

## President Retains Appointee Senate Refuses To Confirm

Washington, Feb. 25.—President Coolidge decided today to fight back at the interests which have three times blocked confirmation of Walter T. Cohen, negro, as collector of customs at New Orleans.

After a conference with Chairman Adams, of the Republican National committee, at the White House, it was announced that Cohen would be continued in office despite the senate's rejection of his appointment. He is now serving under a recess appointment.

Under his new status Cohen will not draw pay.

## Naturalization Exam To Be Held April 3

Thursday, April 3, has been announced as the date for the next naturalization exam in Columbiana county and at which time citizenship papers will be granted those applicants who are mentally able to pass the test.

Almost daily Clerk of Courts John T. Burns is being advised, by those who intend to take the examination and names are being constantly added to the list. Over 50 have registered for this examination so far, and it is considered probable that the list will contain between 75 and 100 names before it is closed.

## Britain Will Make Loan To Germany

London, Feb. 25.—From an authoritative source, it was learned this afternoon that the British government has agreed in principle to participate in the proposed loan of 250,000,000 pounds sterling for Germany.

It was learned from the same source that a group of American bankers have definitely agreed to take up a share of the loan.

## British Strikers Accept Agreement

London, Feb. 25.—Delegates of the striking dock workers here today accepted the agreement reached with the employers last Wednesday. The strikers will return to work tomorrow.

The agreement provides for an immediate increase in wages and another increase in two months.

## Tractor Is Used To Clear Road Of Snow
